2. Presentations

2.1 Presentation – Tyler Bartley – “Bounce the Shu” – 1:00 PM

Tyler Bartley presented to the Committee "Bounce the Shu" Inflatable Water Park Attraction.

“Bounce the Shu” is an Inflatable waterpark geared towards visitors aged

five and up. This water park would be the first inflatable waterpark in the Shuswap. They are currently looking at placing waterparks in Sicamous and Sunnybrae.

"Bounce the Shu" is looking for long term lease agreements to use space on the public beaches at both locations for the ticket booth and water park. The inflatable water parks are custom made for each location and are made to fit the natural landscapes where they are placed. The capacity of the proposed parks would be 180 people. The proposed operation times would typically be June to mid-September.

T. Bartley gave an overview of the "Bounce the Shu" business plan, including safety precautions, environmental responsibilities and pricing structures.

The Committee took the opportunity to ask T. Bartley questions regarding the water park and the operations.

Ryan Nitchie, Team Leader, Community Services, CSRD spoke in regards to this proposal. R. Nitchie supports the project based on the fact that it would be a good fit for the Sunnybrae CSRD beach park. However, R. Nitchie stated that there is a challenge with the park as the CSRD does not have a policy regarding commercial activity within CSRD Parks. Concerns also need to be addressed in regards to safety issues for the water park and protecting the Sunnybrae beach swimming areas to ensure that there is still enough room for swimming in the park.

R. Nitchie stated that if this proposal was to go through they would most likely begin with a short term lease and seek a long term lease once there has been an opportunity to see how the business operates and visitation.

L. Fitt joined the meeting at 1:14 pm.

Moved By K. Flynn

Seconded By L. Morgan

THAT: The Shuswap Tourism Advisory Committee supports the development in principle of the "Bounce the Shu" Inflatable waterpark which will be located in the CSRD Sunnybrae Park
