Subject:

[REDACTED] have read the info on the storage area for outdoor storage of boats, RV's, trailers and sea can storage in Falkland. [REDACTED] very much against the "outdoor" storage. This should be under a roof so it is not seen from the highway. [REDACTED] have enough trouble with junky yards in this town (the CSRD should be getting these yards with junk, old cars etc. cleaned). [REDACTED]

Hello [REDACTED] writing to voice [REDACTED] opposition to the above application.

[REDACTED] live [REDACTED] Westridge Dr Falkland BC my name is [REDACTED] feel that this would only be a detriment to the value of [REDACTED] house and property. It will be an eye sore when approaching Falkland , having unsecured RV not inclosed in buildings will bring a rise in crime in the city of Falkland, Sea Can storage is unsightly and if contents were ever to catch fire pose a significant risk to our local fire department to get into to put out. The access to that road is a risk at best and trying to get trailers in and out dangerous.

When clearing the lots of trees they lite there slash piles very early in the morning with out any communication with [REDACTED] home owners , [REDACTED] house and vehicles were covered in ash [REDACTED] heavy smoke smell and smoke in the area and thought [REDACTED] house was on fire. There was very low cloud cover that day and the subdivision was very full of smoke , many residents of the subdivision were very concerned.

Falkland does not need any out door storage of any Boats,Trailers ,Recreation Vehicles or Sea Cans , this is a rural community and we hope to keep it that way .

Thank you for your time and consideration.

Hello [REDACTED] writing to voice [REDACTED] opposition to the above application. [REDACTED] don't want to see outside storage or sea can storage. This developer has also been know not to tell the truth about what he is doing. He thinks because it's a small community he can come in and do whatever he wants.

[REDACTED] live at [Westridge Dr Falkland BC](#) my name is [REDACTED] feel that this would only be a detriment to the value of my house and property. Was just reading the notice [REDACTED] got about the rezoning meeting and noticed that it's at 2: o'clock in the afternoon on a Thursday. How does the regional district think that the working person can attend a meeting during the day. This is totally outrageous that the Regional District would allow a meeting at this time of day. Make [REDACTED] think that you guys have your mind made up already and don't want to hear what the people have to say. [REDACTED] live at [REDACTED] Westridge drive and [REDACTED] [REDACTED] against the proposal of allowing outdoor storage of vehicles,boats,rv's, trailers and sea cans. [REDACTED] [REDACTED] not against having the commercial changed to RS. This individual thinks he can do what ever he wants and get away with it,he has already moved a house onto the property which is still commercial and put in roads ect.. and lied to highways saying he put in a temporary road so he could move off a old building which was just the opposite as he moved in a old house not removed one. They also had not regard to the neighbors when they lite a bunch of brush piles on fire and smoked out everyone's houses for 3 days. So once again [REDACTED] can't believe what time this meeting is been held and we are AGAINST ANY FORM OF OUTDOOR STORAGE.

---

Hello, [REDACTED] need to voice my concern with storage units and vehicle parking etc being proposed on Westwynd and Westridge drive in Falkland. [REDACTED] one of the [REDACTED] houses there and am thinking of selling. This will just reduce the value of [REDACTED] home and make it look junky in this beautiful area. This is not the place for such storage. This development is doing well and looks great but that idea is definitely something [REDACTED] stand strongly against. Please do not allow this to bring down our neighborhood.

Sincerely,

[REDACTED]

**Date:** Wednesday, April 24, 2019 8:49:44 AM

---

Good morning Candice,

So it turns out [REDACTED] on the other side of the fence this time around. [REDACTED] wanted to submit [REDACTED] opinion on the re-zoning request #2558 for Section 3, Township 18, Range 12, West of the Meridian, KDYD, EPP89262, lot 4 – requesting the addition of “outdoor motor vehicle, boat, and trailer storage areas” means the parking of motor vehicles, recreational vehicles, boats and trailers including boat, utility, horse, flatbed, and camper, but does not include wrecking yard, salvage operation, or junk yard.” [REDACTED] believe there is also a request for sea cans to be allowed as part of the outside storage.

It is [REDACTED] opinion that Falkland is in great need of additional residential living spaces. There are many people trying to move to Falkland but cannot do so due to the lack of housing both for purchase and especially for rental use. The lot as mentioned above shares the boundary of land being (or may already have been processed) from commercial to residential in order to create more livable housing; however, the value and demand for these lots will be compromised being lined with unsightly outdoor storage. This type of commercial storage will always result in a very unfavorable view and for this currently upcoming neighbourhood. The second issue with this type of allowed storage is for the sight/view from the highway. The location of this property is across from the Falkland Stampede grounds just as you are coming into the town and certainly not the sight we would want visitors and guests to see – not how [REDACTED] would want to present our community.

[REDACTED] hope the district will agree with [REDACTED] points and not allow the additional outside storage. This type of facility is more suitable for property off of the highway in a less visible location and not surrounded by residences.

Thank you for your consideration in this matter.

Sincerely,

[REDACTED]  
[REDACTED] Hwy 97  
Falkland, BC

As [REDACTED] unable to attend the public hearing for this bylaw matter [REDACTED] wanted to be able to make [REDACTED] concern known.

[REDACTED] NOT in favor of bylaw #2558 as [REDACTED] feel it will have a negative impact on the market value of the housing in the surrounding area. Our community is growing and therefore new housing is required not an outdoor storage facility. The outdoor storage will negatively impact the view for both the existing and new homes to be built in the surrounding area. [REDACTED] feel storage facilities, especially outdoor storage, belong in an industrial area not in the middle of a residential housing area where residents have to look at it.

Thanks,

[REDACTED]

As this proposed storage facility is the first thing that will be seen when entering Falkland. There should be stipulations in place to protect aesthetics, ie: solid fencing or wall to block sighting. It should also be kept clean. Also, access to the highway at Wetaskiwin Road will be a concern as traffic typically doesn't obey the speed limit posted there and vision to the North is limited.

Public Hearing Submission – Bylaw No. 2558

The interest of [REDACTED] property is affected by the proposed Bylaw No. 2558. This is one of the first commercial properties that people see when entering Falkland from the west end of town. Community planning and development and aesthetics should be considered when amending commercial zoning. [REDACTED] no issues with the property being subdivided into 2 commercial lots and 2 residential lots, but the commercial zoning should not be amended to allow for sea can storage. [REDACTED] concerned about the aesthetics of the commercial property affecting the community and lowering the property values in the surrounding area. [REDACTED] apposed to this proposal.

Best regards,

[REDACTED]  
Residential owner of [REDACTED] Westwynd Drive

Public Hearing Submission – BL2558

Dear Board members,

I hereby submit my opposition to Salmon Valley Land Use Amendment (674816 BC LTD.) Bylaw No. 2558, in particular the amendment of the C Commercial zone, on the following grounds:

1. Outdoor storage of vehicles, RV's, boats, trailers and sea can storage is unsightly, as is mini-storage, and not in keeping with the rural aspect of the area in question. While knowing that some of the properties were zoned commercial, one would expect a pleasant- appearing commercial enterprise that fits in with the neighbourhood.
2. Pursuant to the above objection, the unsightly manner of such business could quite considerably lower the property values of the homes in the neighbourhood, a few of them which are brand new, including the 3 remaining lots that have not yet been built upon. People who choose to live in rural settings expect a rural setting!
3. The properties in question are very close to the Falkland Stampede grounds, an important event and tradition in Falkland. Again, proximity to a commercial venture such as proposed stands to decrease the atmosphere and rural feeling that this 100 year tradition engenders.

In short, I hope to convey to you my opposition to putting a highly visible, unsightly enterprise in a residential area of a rural town, so close to our famous rodeo grounds and right next to a new residential neighbourhood! While I do not wish to impede honest people in creating a business, it simply does not make sense to have such large, visible non-rural businesses so close to residents, the stampede, and the town of Falkland itself. I personally did not go through all the challenges of building a home (which is not yet even finished) in order to live right next to a business so alien to and unexpected in the quiet rural town that is Falkland.

Yours respectfully,

[REDACTED]

[REDACTED] Westridge Drive

Falkland, BC

Candace Benner,

I wish to let you know that I am totally **against** the use of this parcel of land for storage of the items requested. This is the entry to our town and should be used for something far nicer to let people know I care for our community. A small strip mall or even residential as I understand he applied for in the first place. The screening will not help. An ugly fence that will become delapated and fall down,; trees that are not taken care of and only half grow will not work. The house he has moved onto there already is too close to the road [main hwy..97 ] and if I listen to rumor should not be there. And I know other homes are closer and have to grandfathered in. This why we need building bylaws real soon.

I do understand that a storage place for such items is very much needed, but it should be somewhere out of sight and definitely back away from the main highway not at the entrance to our town.

**Subject:** Re: public hearing Submission

Good Afternoon

I'm the property owner planning on doing the mini storage with outdoor storage including sea cans. I respect everyone's opinions and am willing to be a good neighbor and work with everyone addressing any concerns. I definitely want to make sure everything looks great for the neighborhood and will be working on making it respectfully kept up neat and tidy organized storage. Chain link fencing with privacy slats will be used around any area used for any type of storage. I would like to start with 5-10 sea cans to test the water to see if it is feasible. These sea cans will be new or newer 8x20 x 8ft high and will not be stacked. Smaller ones may be introduced depending on demand. Godard excavating has mentioned that they could grade the property lower from the fence line to make it less noticeable from the highway. Access points is shown on the map attached. There will be one access off of Westaskiwin road and the other off of Westridge drive and no highway access. Having two access points allows access to the whole property without crossing the gas right away.

Thank you for your time.
