Part I Broad Objectives and Policies

1.9 Land Use Pattern

1.9.1 An objective of the Regional Board is to generally maintain the area's historical pattern of land use in which small-lot residential, commercial, and institutional uses concentrate in the rural communities, leaving the majority of the land for agricultural uses as well as forestry, fishery, and wildlife uses.

1.9.2 The policies of the Regional Board are as follows:

.3 On Schedule A, the OCP Designation Maps, single family and multiple family residential areas within the community of Falkland are designated as RS (Single family Residential) and RM (Multiple Family Residential) respectively;

.4 Future single family residential uses with a minimum parcel size of 1400 m² or less and multifamily residential uses shall be limited to areas within the community of Falkland;

.7 New highway commercial and service commercial uses are encouraged to concentrate in Falkland, fronting on Highway 97;

1.10 Redesignation Criteria

Objective

1.10.1 An objective of the Regional Board is to manage changes in land use in a manner that generally avoids future servicing problems and prevents unnecessary conflicts between different land uses.

1.12 Hazardous Areas

Objective

1.12.1 An objective of the Regional Board is to prevent development on hazardous areas except in compliance with this bylaw.

Policies

1.12.2 The policies of the Regional Board are as follows:

.1 The Regional Board designates the following as hazardous areas:

(See Bylaw No. 2500 for all policies and zones)

areas within the floodplain (as defined in the Salmon Valley Floodplain Management Bylaw No. 2600) of the Salmon River, Bolean Creek and other water courses and water bodies within the plan area;

alluvial fans, as defined in the Salmon Valley Floodplain Management Bylaw No. 2600, due to potential flooding and stream shifting hazards;

slopes having a gradient of 30% or greater;

areas on or below unstable slopes and slide areas.

To protect against loss of life and to minimize property damage associated with flooding events the Regional Board encourages agricultural, park, and open-space recreational uses of flood prone lands. Where flood prone lands are required for development, the construction and siting of buildings and mobile homes to be used for habitation, business or the storage of goods damageable by floodwaters shall be floodproofed to those standards specified in the Salmon Valley Floodplain Management Bylaw No. 2600.

Development on other hazardous areas will be prohibited unless adequate protective measures have been taken by the Owner to address the relevant hazard.

1.13 Transportation Network

Objective

1.13.1 An objective of the Regional Board is to encourage a safe and efficient transportation network.

Policies

1.13.2 The policies of the Regional Board are as follows:

.1 Highway No. 97, Salmon Valley Road, Chase - Falkland Road, Yankee Flats Road, and Heywood Road are recognized as major roadways as shown on Map 4 Major Road Network Map;

.2 Off-street parking is required to avoid parking on highway rights-of-way;

.3 Land owners are encouraged to use local and collector roads to access land rather than providing multiple access points to highways and major roads.
