The Board gave third reading as amended to Bylaw No. 900-25 at their meeting held on July 18, 2019. As the bylaw affects lands located within 800 m of a controlled access highway the bylaw was then sent to the Ministry of Transportation and Infrastructure for their Statutory Approval.

This approval was granted on July 31, 2019. Staff identified numbering errors in the bylaw which have now been corrected. It is now appropriate for the Board to rescind third reading of Bylaw No. 900-25 given on July 18, 2019 and then consider Bylaw No. 900-25 for third reading as amended, and adoption.

SUMMARY:

Staff are recommending that the Board rescind third reading of Bylaw No. 900-25 given on July 18, 2019 and then consider Bylaw No. 900-25 for third reading as amended, and adoption.

IMPLEMENTATION:

If the Board endorses the staff recommendation and adopts Bylaw No. 900-25, the bylaw will be consolidated and the changes will come into effect.

COMMUNICATIONS:

A press release regarding the proposed changes to Bylaw No. 900 was issued following third reading of Bylaw No. 900-25 advising the public that the Board had supported the proposed amendments to increase the size of residential dock platforms to 33.45 m² along with the minor amendments to widths of platforms and walkways and the change to allow larger Parks-related docks. If the bylaw is adopted staff will issue a press release through the local newspapers, the CSRD website and social media announcing that the new provisions are in effect. Staff will also send letters to Front Counter BC and the dock builders in the area advising of the changes.

DESIRED OUTCOMES:

That the Board endorse the staff recommendation.

BOARD'S OPTIONS:

1. *Endorse the Recommendation.*
2. *Deny the Recommendation.*
3. *Defer.*
4. *Any other action deemed appropriate by the Board.*
