MoTI File #2019-04872

The Ministry of Transportation and Infrastructure has no objections to this proposal as it does not affect our interests.

The chicken coops, which are situated within the 4.5m setback from the Road Right-of-Way, do not require a permit from this office because they are not permanent structures. Their current location does not appear to block sight distance or create any hazard for the travelling public or the maintenance contractor.

Thank you for the opportunity to comment on this proposed variance. Feel free to give me a shout if you have any questions.

Kindest Regards,

**Desiree Lantenhammer, BSc**  
Development Services Officer  
Ministry of Transportation and Infrastruc
