Ms. Rhona Martin and Board Members
Regional District of Columbia Shuswap
Box 978
Salmon Arm BC V1E 4P1

Dear Chair Martin and Board Members:

On behalf of the joint Provincial-Union of British Columbia Municipalities (UBCM) Green Communities Committee (GCC), we would like to extend our congratulations for successfully achieving your goal of corporate carbon neutrality for the 2018 reporting year.

As a signatory to the Climate Action Charter, you have demonstrated your commitment to work with the Province of British Columbia and UBCM to take action on climate change and to reduce greenhouse gas emissions in your community and corporate operations.

The work that your local government has undertaken to reduce and offset its corporate emissions demonstrates significant climate leadership and sets the stage for broader climate action in the community. Your leadership and commitment continues to be essential to ensuring the achievement of our collective climate action goals.

The GCC was established under the Charter to support local governments in achieving their climate goals. In acknowledgement of the efforts of local leaders, the GCC is again recognizing the progress and achievements of local governments such as yours through the multi-level Climate Action Recognition Program. A description of this program is enclosed for your reference.

As a Charter signatory who achieved Level 1, Level 2 and Level 3 recognition, and additionally met the goal of corporate carbon neutrality for the 2018 reporting year, you have been awarded Level 4 recognition – 'Achievement of Carbon Neutrality'.

In recognition of your significant achievements, the GCC is pleased to provide you with carbon neutral branding for use on official websites and letterheads. An electronic file with the 2018 logo will be provided to your Chief Administrative Officer via email. Also enclosed is a *BC Climate Action Community 2018 – Climate Leader - Carbon Neutral* window decal, for use on public buildings.

.../2

Congratulations again on your continually improving achievement. We applaud your leadership and wish you continued success in your ongoing commitment to the goal of corporate carbon neutrality, and your efforts to reduce emissions in the broader community.

Sincerely,

GCC Communiqué on the Climate Action Recognition Program

B.C. local governments continue to play a critical role in reducing GHG emissions across the province. In acknowledgment of the ongoing efforts of B.C. local government leaders, the joint Provincial-UBCM Green Communities Committee (GCC) is pleased to continue the Climate Action Recognition Program (*Recognition Program*) for the 2018 reporting year. This multi-level program provides the GCC with an opportunity to review and publicly recognize, on an annual basis, the progress and achievements of each Climate Action Charter (*Charter*) signatory on their *Charter* commitments. Recognition is provided according to the following:

Level 1: Demonstrating Progress on Charter Commitments

Local governments who demonstrate progress on fulfilling one or more of their *Charter* commitments receive a letter from the GCC acknowledging their accomplishments.

Level 2: Measuring GHG Emissions

Local governments that achieve level 1, have completed a corporate carbon inventory for the reporting year and demonstrate that they are familiar with their [community's community energy and emissions inventory](#) receive a letter from the GCC and a 'BC Climate Action Community 2018' logo, for use on websites, letterhead, etc.

Level 3: Accelerating Progress on Charter Commitments

Local governments that achieve levels 1 and 2 and demonstrate significant corporate or community-wide climate action to reduce GHG emissions in the reporting year receive a letter from the GCC and a 'BC Climate Action Community 2018 – Climate Leader' logo, for use on websites, letterhead, etc.

Level 4: Achievement of Carbon Neutrality

Local governments that achieve [carbon neutrality](#) in the reporting year receive a letter from the GCC and a 'BC Climate Action Community 2018 – Climate Leader - Carbon Neutral' logo, for use on websites, letterhead, etc.

To be eligible for the *Recognition Program*, local governments must fulfill the public reporting requirements (including reporting progress to carbon neutrality) of the Climate Action Revenue Incentive Program (CARIP). Recognition levels for the *Recognition Program* are based on the information included in each local government's annual CARIP public report. For more information on CARIP and the public reporting requirements go to:
