

I received notice that in reviewing the November Board Meeting, CBT staff will not be providing a Board Highlights for the meeting held in ᑭᐱᑭᐱᑭ/Cranbrook as much of the agenda pertained to items of an internal nature with no public project or program funding decisions.

That being stated there is much happening and I would like to share some information with all of you in regards to the upcoming Our Trust, Our Future 2020 public engagement process:

- The Trust is renewing its Strategic Priorities and is starting a community engagement process called Our Trust, Our Future 2020.
- The Trust will be hosting community conversations, events, online forums and more with people in the Basin starting in February 2020.
- We are asking people to imagine the possibilities for the future and to share their bold and innovative ideas with us at the CBT.
- As part of the engagement, the Trust will be celebrating all that we've accomplished together with people and communities in the Basin over the past 25 years.
- Information about the engagement can be found at engage.ourtrust.org.

Should you have any specific questions for me, do not hesitate to contact me at 250-344-8448 or email me at Ron.Oszust@golden.ca.

Wishing you all a MERRY CHRISTMAS
