The contract between the City of Salmon Arm and the CSR D to provide fire suppression services to the Kault Hill area expired on December 31, 2019. From 2015 – 2019, the approximate costs for the City of Salmon Arm to provide fire suppression service to 61 properties within the Kault Hill Fire Suppression Service Area was \$8,000 per year. A five year proposal was received by the City of Salmon Arm to continue to provide the same level of service to Kault Hill as previous, but for a significant rate increase based on a multiplier of the current City Fire Protection Tax Rate (based on the Hospital Assessment) plus an additional 10% administration fee as follows:

Year	Cost Increase
2020	1.25 x
2021	1.40 x
2022	1.55 x
2023	1.70 x
2024	1.85 x

CSRD staff has been exploring the option of having the Tappen/Sunnybrae Fire Department provide fire suppression services to Kault Hill. More research is required before this option can be ruled either viable or unviable due to the distance from the fire hall and potential impact to response times and insurance ratings. The new agreement contains a 30 day termination clause without cause, and so if a more economical solution is realized, the CSRD can terminate the agreement upon 30 days' notice to the City of Salmon Arm.

POLICY:

The proposed contract rates are within the allowable bylaw maximum tax rate of \$1.57 per \$1000 of assessment.

FINANCIAL:

Advancing this agreement will result in significant increases to property owners in the Kault Hill Fire Suppression Service area. On average, property owners paid \$123.00 in 2019 for fire suppression. This amount will increase to \$147.00 in 2020 (on average) and \$240 per year in 2024.

KEY ISSUES/CONCEPTS:

The continuation of fire suppression service for the Kault Hill property owners at the most economical costs available.

IMPLEMENTATION:

This agreement is effective January 1, 2020. The City of Salmon Arm has agreed to provide the service uninterrupted between January 1, 2020 and the date the agreement is ratified.

DESIRED OUTCOMES:

The Board approve the recommendation.

BOARD'S OPTIONS:

1. *Endorse the Recommendation.*
2. *Deny the Recommendation.*
