File No.: Governance, Area F

Sent via email

Minister Selina Robinson
Minister of Municipal Affairs and Housing
Parliament Buildings
Victoria, BC V8V 1X4

Dear Minister Robinson:

**RE: Request for Restructure Planning Grant Funding
Electoral Area F, CSR D – Community Issues Assessment**

Firstly, thank you, Minister Robinson for meeting with our CSR D representatives Chief Administrative Officer, Charles Hamilton, CSR D Administration staff, and myself at the recent UBCM Conference. We appreciated the opportunity to meet you, establish a working relationship with the Minister's office and to present an update about the Electoral Area C Governance Study project in relation to the restructure funding request to your Ministry for the assessment project.

Our delegation also had the opportunity to meet with Ministry of Municipal Affairs and Housing staff on Wednesday, September 27th, 2017 while at the UBCM Conference. This meeting arose as the result of the following resolution that was recently adopted by the CSR D Board:

"THAT: the Board express its support in principle for a funding request for a Governance Study in Electoral Area F, and further that CSR D Administration be directed to meet with Ministry of Municipal Affairs and Housing staff at the 2017 UBCM Conference to broach the topic of potential funding for such a study in Electoral Area F."

In discussing the above resolution topic with Marijke Edmondson, Director, Governance Branch and with Senior Planning Analysts, information was provided to Ministry staff about a recent Governance Review for the Scotch Creek area. The study was undertaken by an independent study group (the North Shuswap Incorporation Feasibility Study Group), in November, 2016. CSR D Director Morgan, Electoral Area F Director, relayed the message to Ministry staff of his interest in pursuing a similar exercise to that of the Area C Governance Study, that would entail the entirety of Electoral Area F. Ministry staff gave a preliminary indication that it would be open to considering a CSR D request for restructure planning grant funding this Provincial fiscal year to undertake a community issues assessment for Area F.

SALMON ARM
SICAMOUS

The purpose of this letter is a formal request to the Minister's office for restructure planning grant funding in the amount of up to \$40,000 for this project in Electoral Area F of the CSRD to be cost-shared by a CSRD contribution of up to \$20,000. We believe that a community initiative assessment would be a helpful process in identifying community needs and issues, and an excellent method of involving a public consultation process to obtain perspectives from the Area F community. This is a project that the CSRD would like to initiate later this 2017 year or in the first quarter of 2018 at the latest.

In pursuing this funding application, CSRD Administration would develop a Terms of Reference for the project, in collaboration with Ministry of Municipal Affairs and Housing staff.

Your favourable consideration of the CSRD's request for restructure funding in support of Electoral Area F would be greatly appreciated.

Yours truly,

COLUMBIA SHUSWAP REGIONAL DISTRICT

Per:

Rhona Martin
CSRD Board Chair
