**Subject:** RNIP Program Boundaries

Columbia Shuswap Regional District:

I've been discussing the opportunity to hire foreign workers with our immigration consultant and they pointed out a new RNIP program, but said for some reason Revelstoke wasn't included in this program. See the link below, and click the "map of geological boundaries" to view the area covered.

<https://www.canada.ca/en/immigration-refugees-citizenship/corporate/publications-manuals/operational-bulletins-manuals/permanent-residence/economic-classes/rural-northern-immigration/community-boundaries-applications-sept-2022.html>

I was told to contact the CSRD to lobby the federal government and ask for our area to be included in the RNIP.

As you know, Revelstoke is now a very unique community, a resort town with limited accomodation and a limited workforce, and we severly need opportunities to bring in foreign workers to help us keep our business doors open.

Let me know if there is anymore information I can provide to assist you with this.
