Friday, December 29, 2017

2:30 PM

On September 25, 2017, the City of Revelstoke gave notice to the CSR D that the fire suppression service provided by the City under an agreement to approximately 250 properties in rural Revelstoke for the past 37 years was to terminate at midnight on December 31, 2017. On December 29, 2017, the BC Supreme Court granted the CSR D an injunction under which the City of Revelstoke is required to continue providing fire suppression services to the affected area under the same terms and conditions as in the existing agreement, until June 1, 2018.

The CSR D will coordinate a public meeting for affected residents within the next few weeks to discuss options available for the continuation of fire suppression after June 1, 2018. Property owners will be contacted directly once details of the public meeting have been finalized.
