555 Harbourfront Drive NE, PO Box 978, Salmon Arm, BC V1E 4P1 | T: 250.832.8194 | TF: 1 888.248.2773 | www.csr.bc.ca

APPLICATION FOR ECONOMIC OPPORTUNITY FUNDS – Page 1

PREAMBLE:

The EOF were created specifically as a means of compensating for the loss of economic opportunities on those lands affected by the dams and reservoirs and the resultant economic impacts to the affected communities. As such, the EOF are to provide funding assistance for projects deemed by the participating members and ratified by the Corporate Board to be worthy of support in an effort to stimulate economic development within the impact areas.

Impact Areas are as follows:

Golden and Area 'A'
Revelstoke and Area 'B'
Sicamous and Area 'E'
Area 'B' only

Criteria for accessing each EOF will be based on the demonstrable and enduring benefit to the economy of the affected communities at large. The EOF are designed to stimulate economic generators, transportation facilities and infrastructure development supportable jointly by the participating members involved and approved by the Board.

The EOF shall not be used as grant-in-aid funding.

ONLY NON-PROFIT ORGANIZATIONS ARE ELIGIBLE FOR FUNDING

Report

DATE: January 22, 2018
TO: Jodi Pierce, Manager of Financial Services
FROM: Kelly Bennett, Chief Financial Officer
SUBJECT: Economic Opportunity Funding Requests

Purpose:

To summarize details related to several Economic Funding Request Applications.

Entrance Signs:

The purpose of the funding is to assist the District of Sicamous (DOS) with the development and construction of three Highway Entrance signs.

The DOS has already spent approximately \$40,000 on the design and initial engineering related to the signage. We have an estimate to complete the construction and implementation of the entrance signs for \$120,000, of which we are asking for funding of \$60,000, which represents 50% of the remaining costs

Attached are photos of the existing highway entrance signs, along with a visual of the new signage, which incorporates our new branding. Due to their highly visible location, many travelers will see them. They are a significant improvement from the existing signage that are currently not even noticed. The new signs will clean up the entrance to the community and have travelers notice, which will assist in the "look" and "feel" of Sicamous and the surrounding area. This will encourage more visitors to the area and result in more tourism. The visually appealing new signage will also have a positive impact to any potential investors or developers, which directly stimulates economic development.

Digital Reader Board

The purpose of the funding is to assist the DOS with the cost of a digital reader board embedded within the Main Street City Hall sign.

The DOS has already spent approximately \$5,000 on the redesign of the City Hall Signs, to be consistent with the new brand. One sign will include a LED display, while the other one will not (see attached for visual of both signs). The total remaining cost is budgeted to be \$75,000, of which the reader board component is \$55,000, which represents the EOF request.

The intent of the reader board on Main Street is to promote activities happening in the area and encourage travelers to come downtown, promote business and market the community. This will be one more "beautification" project on Main Street, which helps the community and its surrounding area attract visitors and investors to stay, resulting in increased economic activity.

Special Events

The purpose of the funding is to assist the DOS with the cost of a contract position for event services within the community.
