Subject: RE: Grant in aid application dated March 9th

Hi Jodie

We will require an extension in the time specified for the submission of invoices in the Grant in Aid procedure.*

Due to some serious problems at the Hall i have not been able to make the purchases.

The second application that you are holding for the change in signage is however needed as the signs have been changed.

I fully understand that the first application supporting documents should be submitted before the second one is considered. As we have some extraordinary circumstances at the present i ask that you reconsider the rule and submit the second application for consideration.

Best regards

Peter

Ps. *An extension of 30 days should do it.

Hi Jodie

Thank you fo your email pertaining to the documentation required to substantiate the Grant in Aid we received for \$5000.

To be frank our policy is not to spend until we have the funds. This amount has been received gratefully, however i have not yet had time to go out and purchase the items involved. I will be doing that in the near future, recently we have been busy fund raising and reorganizing. This together with a totally new Executive Committee has lengthened the learning curve for us all.

I will forward the required documentation as soon as possible. Please hold the recently submitted application on file until we have fulfilled the previous obligation.

Best regards

Peter

Good morning Peter,

Thank you for submitting a grant in aid application to the CSRD received March 14, 2018. Pursuant to policy, there is a requirement to submit post-application documentation for grants in excess of \$2,000. As this documentation is outstanding for the \$5,000 grant your organization received in February 2018, your organization is ineligible to receive further grants until such time as the post-application documentation is received. If you have any questions, please do not hesitate to contact me. Thanks,

Jodi Pierce, CPA, CGA
