Dear Board Chair Kevin Flynn:

Thank you for your correspondence received on January 23<sup>rd</sup>, 2024, regarding Columbia Shuswap Regional District (CSRD)'s feedback on the *Emergency and Disaster Management Act* (EDMA).

I have received questions and feedback from a range of local governments. In response to this need for information, I have sent a letter dated March 12<sup>th</sup>, 2024, to all mayors and regional district chairs across the Province that provides clarity on the most common concerns raised. We are also working to produce and publish helpful guidance on the EDMA ([gov.bc.ca/gov/content/safety/emergency-management/local-emergency-programs/local-gov-operations](http://gov.bc.ca/gov/content/safety/emergency-management/local-emergency-programs/local-gov-operations)), and technical questions can be referred to your local regional office or to [modernizeEM@gov.bc.ca](mailto:modernizeEM@gov.bc.ca)

I am sincerely grateful to all of the local governments that provided a submission in response to engagement that took place from October 2023 through January 2024 on the modernization of regulations for local authorities and for disaster financial assistance. All feedback we have received from local governments will be considered as part of our work to develop regulations under the EDMA. There is also a five-year review of the Act that is mandated under the legislation.

Our web page dedicated to the legislation also includes some up-to-date information that you may find useful. You can find this page at [gov.bc.ca/EmergencyManagementAct](http://gov.bc.ca/EmergencyManagementAct),

Thank you again for taking the time to write.

Sincerely,

Bowinn Ma  
Minister of Emergency Management  
and Climate Readiness
